Logo Mood Board / Concept Inspirations

The AREEN brand logo is a carefully crafted emblem symbolizing quality, prestige, and the brand's leading position in the liquid egg industry. The emblem design is composed of three overlapping egg outlines, merging together to form a crown shape that conveys a sense of premium quality and reinforces AREEN's standing as a leader in the industry.

This crown-like arrangement also subtly resembles a chef's hat, representing our primary audience—professional chefs and culinary enthusiasts who rely on our product.

Additionally, the emblem embodies the delicate shape of a hen's comb, adding a subtle yet meaningful nod to the product's origin. At the center of the emblem, the outlines converge to form the letter "A," representing the brand name, AREEN, and giving the logo a unique and recognizable identity.
